

The Mikael Passare post-doc award

To commemorate Professor Mikael Passare, who passed away September 15th, 2011, an award has been established by the Faculty of Science at Stockholm University and the International Science Programme (ISP) at Uppsala University. The awards are intended for post-doc visits by young scientists in mathematics.

Professor Mikael Passare

Mikael Passare was a brilliant mathematician, world leading in the field of residue theory in several complex variables and during later years in tropical geometry. He was accepted as a graduate student at Uppsala University in 1980 and was awarded a PhD degree in 1984. He was professor at Stockholm University from 1994. He advised nine PhD students to a doctoral degree, 1992–2009.

Mikael had many commissions of trust, for instance Head of the Department of Mathematics at Stockholm University, Deputy Director of the Mittag-Leffler Institute, Member of the Board of the International Science Programme, Member of the Committee for Developing Countries of the European Mathematical Society, and President of the Swedish Mathematical Society. He was very active in the development of mathematics in low-income countries.

For more information, see The Mikael Passare Memorial Volume¹.

Post-doc award

The awards are intended for young scientists in mathematics, having a PhD degree not older than 10 years, and will support a 1–3 month scientific visit to Sweden, primarily at Stockholm University or Uppsala University. Grants will be given to cover subsistence allowance, accommodation and travel costs. The maximum amount will be 70,000 SEK. An award can be granted for a second visit depending on the outcome of the first visit.

How to apply

In addition to a CV, including a publication list, the application shall contain a brief description of the applicant's research project, the purpose of the trip, an invitation letter from the host institution, the local contact person for the visit, and a short description of the planned activity during the visit. A support letter from the home university should also be included (see contact persons in the eligible countries below).

The application should be sent to ISP by email to:

- Leif Abrahamsson (Programme Director, leif.abrahamsson@isp.uu.se) and
- Bengt Ove Turesson (Head of ISP and Deputy Programme Director, bengtove.turesson@isp.uu.se).

A short report should be provided within one month after your visit.

Who is eligible?

Applicants should have graduated with a PhD degree in mathematics during the last 10 years and should be employed at a university in one of the following countries:

Burkina Faso, Ethiopia, Kenya, Mali, Mozambique, Niger, Rwanda, Senegal, Tanzania, Uganda, Zambia.

Deadline for application

The applications should be sent to ISP no later than May 15th, 2022. The visit should take place during the academic year 2022/2023.

Contact

Any further questions should be sent to Leif Abrahamsson and Bengt Ove Turesson. Contact persons in the countries mentioned above are:

- *Burkina Faso*: Prof. Hamidou Toure (toureh98@gmail.com)
- *Ethiopia*: Dr. Tilahun Abebaw (tilahun.abebaw@aau.edu.et) and Dr. Samuel Asafa (samuel.asefa@aau.edu.et)
- *Kenya*: Prof. Stephen Luketero (sluketero@uonbi.ac.ke), Dr. Jared Ongaro (ongaro@uonbi.ac.ke) and Prof. Patrick Weke (pweke@uonbi.ac.ke)
- *Mali*: Prof. Ouateni Diallo (ouateni@yahoo.fr)
- *Mozambique*: Prof. Joao Paulo Munembe (joao.munembe@uem.ac.mz)
- *Niger*: Prof. Hassirou Mouhamadou (mouhamadouhassirou@gmail.com)
- *Rwanda*: Dr. Celestin Kurujyibwami (celeku@yahoo.fr) and Prof. Banzi Wellars (webanzi@gmail.com)
- *Senegal*: Prof. Mamadou Sy (mamadousyugb@gmail.com)
- *Tanzania*: Dr. James Makungu (makungu_j@yahoo.com) and Prof. David Koloseni (dkdavykol@gmail.com)
- *Uganda*: Prof. Juma Kasozi (jkasozi2015@gmail.com) and Dr. David Sseviiri (david.sseviiri@mak.ac.ug)
- *Zambia*: Dr. Mervis Kikonko (mervis.kikonko@unza.zm)
